Colombian Government Determined to Hold Panama and Prepares for Clash, While Foreigners Board Warships for Protection, with Nashville's Force Guarding the Shore.

CITY IN A TURMOIL AND **OUTBREAK FEARED TO-NIGHT.**

Roosevelt Confers with Cabinet Officers on the Situation and Washington Is in Communication with the Isthmus-New Government Has Been Proclaimed.

Late developments to-day indicate a clash at Colon and serious fight ng is feared before morning.

Commander Hubard, of the Nashville, after withdrawing a force of marines he had sent ashore, was forced to take new action and this afternoon landed another lot of men, who will defend American property.

Nothing definite had been decided in regard to Colon, where the Government troops brought to that port by the cruiser Cartgent, from Sav- 3. anilla, are still encamped. The Government of the Republic of Panama is making all possible efforts to prevent bloodshed, but an ultimatum has been sent to Col. Torres, commander of the Government forces at Colon, Panama, should Col. Torres refuse to consider the generous proposals made to him, to permit the embarkation of his troops on board a steamer and their transportation back to Savanilla, to send an army to attack Colon.

President Roosevelt wa busy all day with the Panama situation and collowed the cables from that point with eagerness while he held conferences with his cabinet officers.

COLON, Colombia, Nov. 5-9.30 A. M.-Much anxiety prevails in all quarters here to-day. It is recognized that the crew of the Nashville would be quite inadequate to cope with the situation ashore should serious disturbances occur and the arrival of the Dixie is anxiously expected. It is Jockey Club stood by the association is hoped she will reach Colon this evening, but there is no knowing what the matter of weather. Though the

The Nashville has again landed a detachment of blue-jackets. The commotion is intense

Gen. Pompilio Guiterez, one of Colombia's best Generals to-day from Cartagena on board the Austrian steamer Jenny. This has intensified the situation immensely.

No good results followed the conference last night at Panama of the representative of Col. Torres, in command of the detachment of government troops which recently arrived here from Savanilla on the cruiser brisk. Cartagena, with Gen. Tovar, the Commander-in-Chief of those forces, to embark all the government troops now at Colon on the Royal Mail steamer Orinoco, sailing for Cartagena to-day.

Although Colon was perfectly quiet last night the foreign residents here continue to seek refuge on board the ships in the harbor or in the buildings of the Panama Railroad, which, as an American concern, will be protected by the forces of the United States.

that he had again landed a force of maxines at Coion.

The Secretary of State has been advised formally of the action of the Junta at Panama in selzing the reins of government and separating from Colombia, but the department has not taken any steps yet toward recognizing the new order of things, though the United States Consuls have large discretion in this matter and may already have recognized the defacto power of the Junta at Panama. It is pointed out, however, that no such action on their part would affect the political relations of the new government with the United States.

President Roosevelt had several conferences on the Panama situation today. His information regarding the exact condition of affairs on the Isthmus to coal the American ships there if they gromise to be detained any length of time.

WILD THYME WINS ROSLYN HANDICAP
